Sigma Sport riders, Jerone Walters and Wouter Sybrandy, who were 1<sup>st</sup> and 2<sup>nd</sup> in last year's HotChillee Devil Takes the Hindmost race at Donington Park, will ride again this year. Australian Walters, three times holder of the yellow jersey in the London-Paris Cycle Tour, said of last year's HotChillee races: "The whole atmosphere at BikeRadar Live was terrific. It really encouraged people to get into cycling."

The Endura Racing team will also be sending riders to Brand's Hatch. Team manager, Julian Winn said: "We've heard some great things about the HotChillee races and the atmosphere last year, so we decided we'd got to be there this year. We're hoping to put on a good show and come away with some prizes. It'll be a good opportunity for less experienced riders to get some inspiration from the more seasoned riders."
